# PARTNERS - CrowdStrike

## **CROWDSTRIKE: TRIED, TESTED, PROVEN**

With CrowdStrike, you can be confident that your organization is finally protected from cyberattacks — known or unknown, with or without malware. Hear what the experts are saying about the CrowdStrike Falcon platform:

### **A LEADER**

- Gartner Magic Quadrant for Endpoint Protection Platforms 8/2019\*
- IDC Marketscape: Endpoint Specialized Threat Analysis & Protection 2018
- IDC Marketscape: Incident Response, Readiness & Resiliency Services 2018

### **ONLY LEADER**

#### **CrowdStrike is the only vendor to be named a leader in both Endpoint Security Suite and EDR Waves**

- The Forrester Wave™: Endpoint Security Suites, Q3 2019
- The Forrester Wave™: Endpoint Detection and Response, Q3 2018

\*Gartner does not endorse any vendor, product or service depicted in its research publications, and does not advise technology users to select only those vendors with the highest ratings or other designation. Gartner research publications consist of the opinions of Gartner's research organization and should not be construed as statements of fact. Gartner disclaims all warranties, express or implied, with respect to this research, including any warranties of merchantability or fitness for a particular purpose.

## The CrowdStrike Difference

A

### **SINGLE LIGHTWEIGHT AGENT**

Intelligent agent provides frictionless deployment and stops all types of attacks while eliminating agent bloat and scheduled scans.

B

### **CLOUD-NATIVE PLATFORM**

Leverage the network effect of crowdsourced security data while eliminating the management burden of cumbersome on-prem solutions.

C

### **PROPRIETARY THREAT GRAPH**

Massive distributed graph database using cloud-scale AI and deep link analysis to identify threats and stop breaches.

# PARTNERS - Okta

## Millions of people use Okta every day.

Okta is the World's #1 Identity Platform. Consistently named a Leader by major analyst firms. Trusted by 13,000+ customers to secure digital interactions and accelerate innovation.

### Single Sign-On

No matter who your users are, whether employees, partners, contractors, or other, Okta's SSO portal offers them one, user-friendly way to access all their applications, regardless of their device.

### Access Gateway

Protect your hybrid cloud with secure access to on-prem-apps, without changing how those apps work today.

### Multi-Factor Authentication

Secure your apps and VPN with a robust policy framework, a set of modern second-verification factors.

### Lifecycle Management

Automate user onboarding and offboarding with seamless communication between directions and cloud applications

## Workforce Identity

Protect + enable your employees, contractors + partners

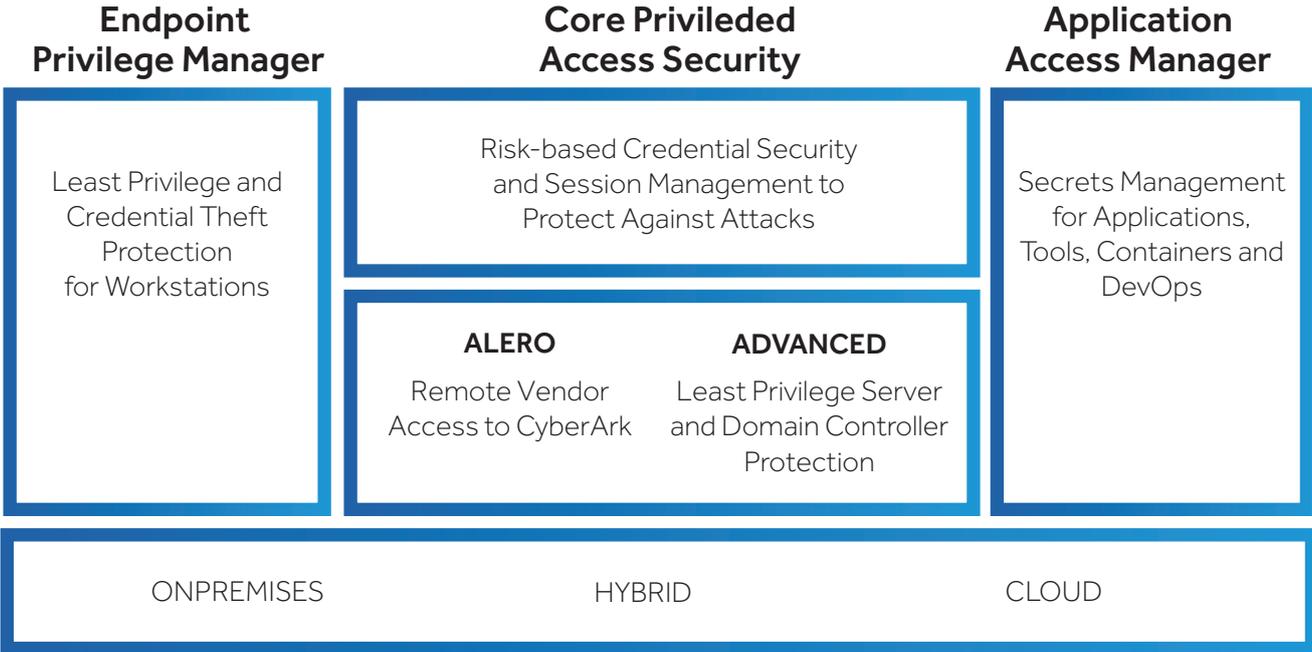

- Securely Enable Remote Work
- Adopt a Zero Trust Security Model
- Improve M&A Agility
- Reduce IT Friction
- Move to the Cloud
- Collaborate with Partners
- Adopt Office 365

# PARTNERS - CYBERARK

As the established leader in privileged access management, **CyberArk offers the most complete Identity Security Platform to secure identities** – human and machine – from end-to-end

## CYBERARK Privileged Access Security Solution
